PROSPECTIVE PERMIT HOLDERS

If you've recently taken your concealed carry class or interested in one, the CCA of NC is perfect for you. Chances are good a law or rule will change between the completion of your class and when you receive your permit. We're here to keep you up to date.

If you need an instructor for an introduction to firearms, concealed carry permit class, or advanced training we've got the most complete and easy to use directory of certified trainers in NC.

OUR STORY

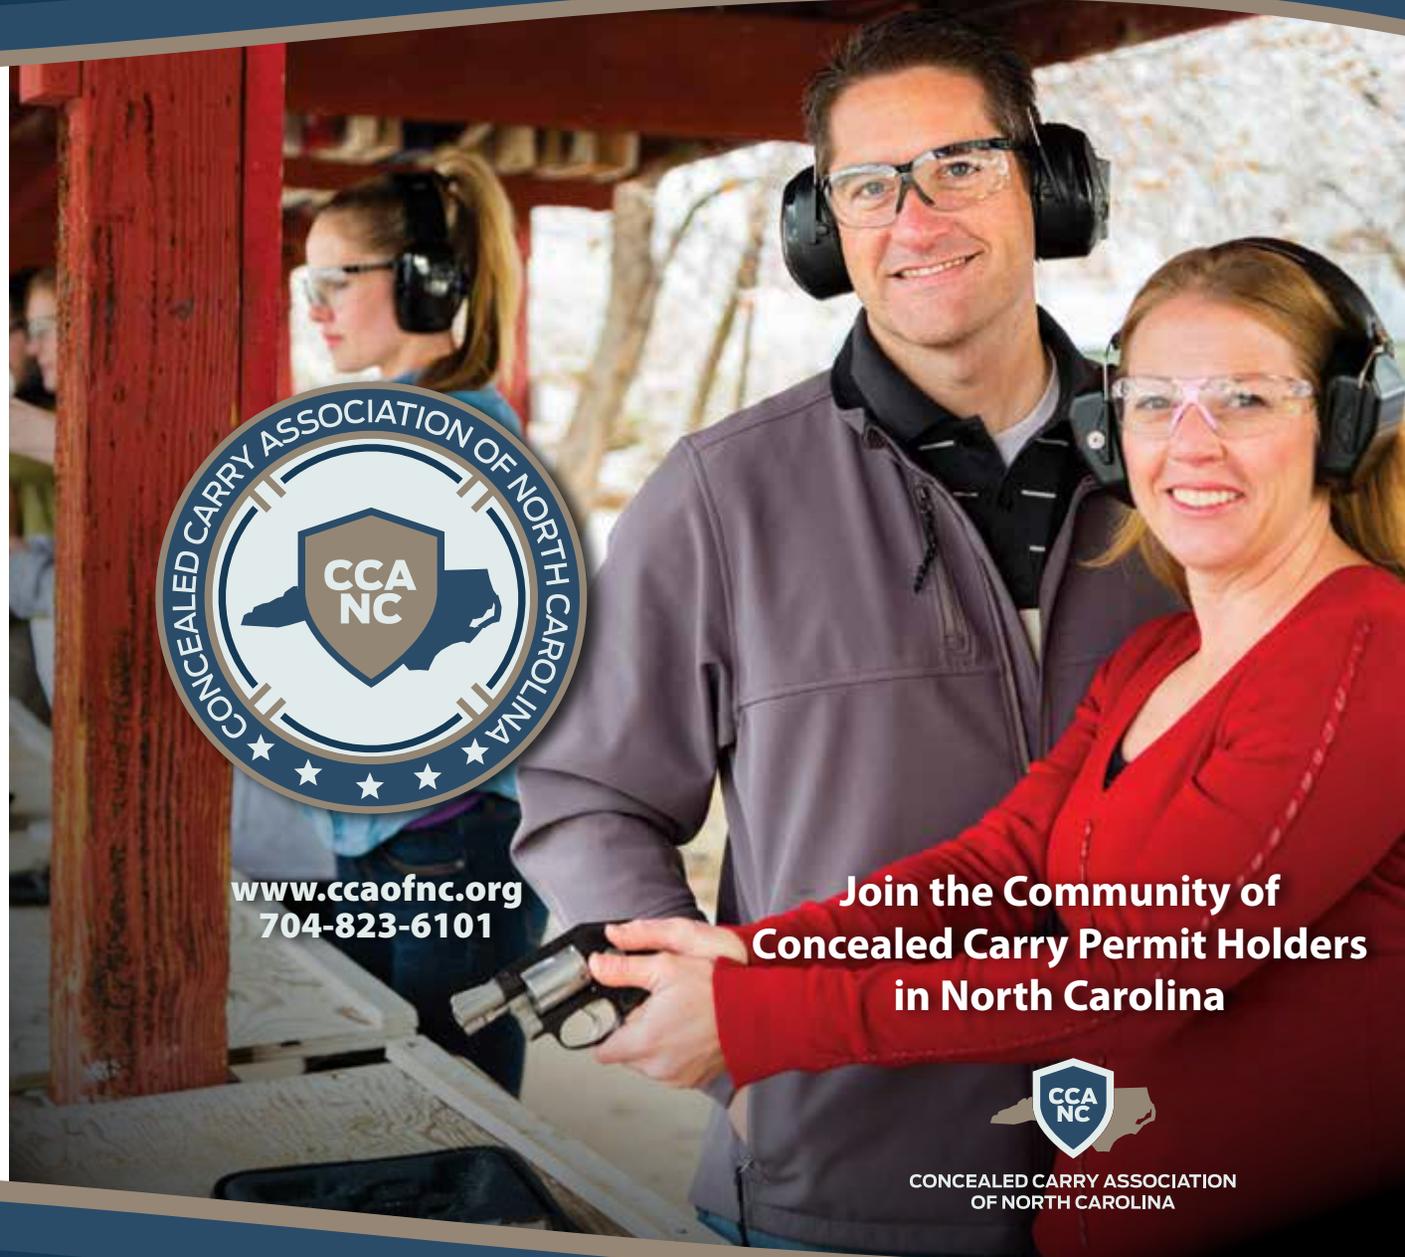

The idea of forming the CCA of NC came during my concealed carry class in 2013. After 8 hours of very informative training, I asked my instructor where to go to keep up with what felt like an overwhelming quantity of information. He shared with my class while the internet is limitless, the options to find what I was seeking are few. My instructor's response led me to start this organization.
